Happy new year everyone,

I have not yet looked at the comments but wanted to let you know that we received the attached from John Ray.

I know that things are probably a bit dynamic in terms of how you want us to approach his comments. I am sure you will want to discuss how we should approach this after we all take a look at what he sent.

Sincerely,
Treat

I have been informed by CTEC, the local EPA TAG group, that your group will be assisting the EPA in doing the Five Year Review for Butte, Montana Superfund sites.

I have attached a document of issues that I would like to see addressed in the current Five Year Review. I am president of CTEC but the views expressed in what I am submitting to you are my own and do not necessarily reflect the views of CTEC.
